## HOW

Make 10 of the same - if you make a variety it defeats the purpose of trading

You can make as many different sets of flowers as you would like.  
For ever ten the same you make, you will get 10 different back.

## WHEN

Trade needs to be turned in at February and March meeting.

We will return to you to get your project started in April.

Here is where the challenge begins.

Lets see how creative we can be.

We are not giving you a pattern,

You be the designer.

Bring back finished Quilt in August for a fun Show and Tell
