

just for you!

Fusible Appliqué

Make the "Just for You" quilts special by adding a unique appliqué design!!!

1. Trace design element onto paper side of fusible product such as *Heat 'n Bond Lite*.
2. Cut out approximately ¼" around OUTSIDE edge of traced line.
3. Cut out approximately ¼" around INSIDE edge of traced line.
4. Carefully place fusible side of *Heat 'n Bond Lite* onto wrong side of fabric and press according to product directions.
5. Cut out design directly ON the traced line.
6. Remove paper backing from *Heat 'n Bond Lite* and position on block or quilt background.
7. When satisfied with the positioning, press appliqué onto block or quilt background.
8. Machine stitch around design using a buttonhole, small zigzag or satin stitch.

You can find design elements in:

coloring books
cookie cutters
magazines
clip art

'Google' by searching for "design" coloring pages
