

# Beginner Paper Piecing Supply List

Kona Pineapple templates will be provided in class. There is no need to cut any fabric prior to the workshop.

The Kona Pineapple block measures 7 ½" x 7 ½" (7" x 7" finished in a quilt top) and can be used in a variety of projects:

- A single block can be finished as a mini quilt (as shown in the picture below) or mug rug.
- Four blocks (in a 2 x 2 arrangement) with a border can make a pillow.
- 16 blocks (in a 4 x 4 arrangement) with borders can make a wall hanging or baby quilt.

## Fabric Requirements

The amount of fabric needed will be based on how many blocks you choose to make and your color scheme. You can choose to color your block anyway you like, such as scrappy, two tone, four tone, etc.

I would suggest erring on the side of bringing more fabric than needed so that you have more options when you go to construct your block(s) in class and at home.

- Scrappy: There are 29 pieces per block and the largest scraps you will need will be about 5 ½" x 3 ½" (and most can be smaller than that).
- Two Tone: If using 2 colors in the block, a fat quarter or ¼ yard of each color per block is very generous.
- Four Tone: If using 4 colors in the block, a fat eighth or ⅛ yard of each color per block is very generous.

## Basic Sewing Supplies

- Sewing machine (don't forget your foot pedal and power cord)
- Extension cord
- Fabric (listed above)
- Piecing foot for sewing machine
- Thread
- Sewing machine needles
- Pins (these will go through paper so you may want to bring your older pins)
- Seam ripper
- Rotary cutter and scissors
- Rulers (suggested rulers are an ~6" x 24" ruler and a 6-9" square ruler, optional is an "Add-a-quarter" ruler)
- Cutting mat
- Please do not bring an iron or ironing board, they will be provided
- Little garbage bag for trimmings and waste.

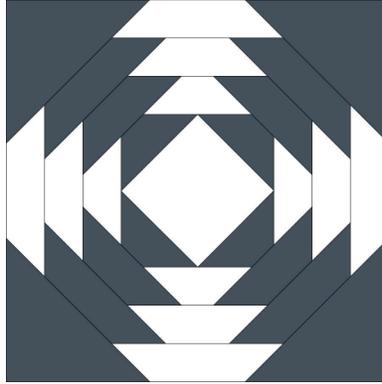

The following pages contain coloring sheets of the block and a 4x4 arrangement so that you can test out different color schemes.

Questions? You can reach me at [MeadowMistDesigns@gmail.com](mailto:MeadowMistDesigns@gmail.com) or 864-561-8396. I look forward to meeting you in class!
