May's Happenings

Volume 40, Issue 9

Message from our Presidents

First of all, we hope everyone has managed to avoid the coronavirus and that you are coping well the feeling of cabin fever.

When we will get back to guild? We don't know. It won't be May and probably not June. Here's what we do know: Persons over 65 or those with underlying health conditions are advised to stay at home until June 12. That is basically the majority of our members. Cannon UMC is closed "until further notice". We have no idea when they will re-open but we do know that the Bishop has advised churches not to open before June 22. The church opening does not necessarily mean that the building will be open to outside groups. At this time, the cases are still going up so advisories and dates may change. We have to wait and see. Hang in there!
