

# Setting Up CashApp

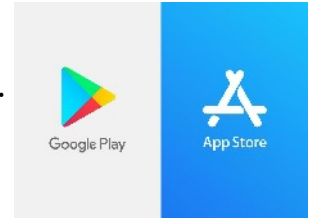

Downloading and installing the Cash App is straightforward on both Android and iOS devices. Here's a step-by-step guide:

## 1. Locate the app store

Android: Open the Google Play Store on your Android device.

iPhone: Open the App Store on your iPhone or iPad.

## 2. Search for the app

Tap on the search bar (usually at the top) and type in "Cash App".

Android: Verify that the app is developed by Block.

## 3. Initiate the download and installation

Tap on "Cash App" in the search results.

Android: Tap "Install" to begin downloading the app.

iPhone: Tap "Get" to begin downloading the app.

You may be prompted to authenticate your purchase using your password, Touch ID, or Face ID.

## 4. Wait for the download to complete

The download and installation process may take a few minutes.

## 5. Launch the app

Once the installation is complete, you can tap "Open" to launch Cash App.

Alternatively, you can find the Cash App icon (a green box with a white dollar sign) on your home screen and tap it to open the app.

## 6. Sign up or log in

Upon opening Cash App for the first time, you'll be prompted to either sign in or create a new account.

They ask for a lot of information. If you want a card through them, you will be asked to enter your Social Security number.
